**CLINICAL MODULE
SUMMER COURSE PROGRAM
SCHOOL OF MEDICINE
DR. MOHAMAD SOEWANDHIE REGIONAL GENERAL HOSPITAL
SURABAYA**

**UNIVERSITAS CIPUTRA
SURABAYA
2025**

[Handwritten signature]

OVERVIEW

The medicine world, as a broad field of knowledge, is profoundly shaped by myriad factors, including scientific discoveries, cultural traditions, technological advancements, and the ever-evolving understanding of human biology. Moreover, in the clinical practice setting, where regional healthcare disparities, cultural beliefs, socioeconomic conditions, health insurance, resources availability, geographical conditions, and other factors also take part in the decision-making process for the patients' health.

This Summer Course Program is meant to give a glimpse of clinical practice experience in Indonesia. In this program we will look at how patients are managed in Surabaya's main general regional hospital. Hopefully this summer course program can improve applicant's knowledge and enrich their experience in the clinical medicine field.

Summer course program will be conducted within the span of two weeks. Applicants are expected to take part in daily department activities, such as supervised ward rounds, bedside teaching, seminars, and occasional night duty until 9 p.m. Clinical observation in most professional activities such as surgery and invasive procedures is included, but practical hands-on training is prohibited. Applicants can choose up to two from the seven departments, which are:

- (1) Surgery,
- (2) Internal Medicine,
- (3) Obstetrics-Gynecology,
- (4) Emergency,
- (5) Dermato-Venereology,
- (6) Neurology, and
- (7) Ophthalmology.

SURABAYA ICONIC STATUE

QUALIFICATIONS

- All applicants are required to have a communicative level of English. Ability to speak in Bahasa Indonesia is an advantage.
- Applicants are senior medical students or in their clinical rotation at the time of their program.
